

PATIENT INFORMATION

WHY AM I GOING TO RECUPERATIVE CARE? Recuperative care will provide you with a safe, clean environment for you to rest and recover. You will also be provided with medical and social services.

HOW LONG WILL I BE THERE? Your length of stay depends on your needs, which are determined by the hospital. Long enough to ensure you are recovered from your hospital stay and have social services support going forward.

HOW MUCH WILL IT COST ME? You will not be charged for your stay. Your only focus is your recovery and helping us find you an exit destination.

WHAT CAN I EXPECT?

- A clean, safe, supportive environment
- Male and female dorm areas
- Three balanced meals a day
- A large outside patio and indoor community room with TV
- 24 hour staff with nurses who will help you with medication and medical care
- Case Managers who will help you with social services and housing opportunities
- Transportation for appointments and prescription pickups

WHAT DO WE EXPECT FROM ME?

- Follow facility rules and guidelines
- Participate in your own medical and social services care plan

Please Note: Horizon is for homeless patients recovering from a hospital stay, who have been referred by an affiliated LA County/Orange County hospital. We are not open to the public.
